ATTACHMENT #2

RESOLUTION NO. 2025-___

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF INDIAN WELLS, CALIFORNIA, PRELIMINARILY APPROVING THE ANNUAL LEVY REPORT FOR THE INDIAN WELLS LANDSCAPE AND LIGHTING DISTRICT NO. 91-1 FOR FISCAL YEAR 2025-26

WHEREAS, the City Council of the City of Indian Wells (the "City Council") has by previous Resolutions ordered the preparation of the Engineer's Annual Levy Report (the "Report") for said district known and designated as Indian Wells Landscape and Lighting District No. 91-1 (the "District"), pursuant to the provisions of the *Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the Streets and Highways Code of California, beginning with Section 22500* (hereafter referred to as the "Act"); and

WHEREAS, the District and the associated assessments are in compliance with the provisions of California Constitution Articles XIIIC and XIIID; and

WHEREAS, there has now been presented to this City Council the Report as required by *Chapter 1, Article 4, Section 22566* of said Act; and

WHEREAS, the City Council has examined and reviewed the Report as presented and is preliminarily satisfied with the District, each and all of the budget items and documents as set forth therein, and is satisfied that the assessments, on a preliminary basis, have been spread in accordance with the benefits received from the improvements, operation, maintenance, and services to be performed within each Benefit Zone, as set forth in said Report.

NOW, THEREFORE, BE IT RESOLVED, DETERMINED, AND ORDERED BY THE CITY COUNCIL FOR THE DISTRICT AS FOLLOWS:

SECTION 1. That the above recitals are all true and correct.

SECTION 2. That the Report, as presented, consists of the following:

- a. A Description of the Improvements
- b. The Annual Budget (Costs and Expenses of Services, Operation, and Maintenance)

SECTION 3. The Report is hereby approved on a preliminary basis and ordered to be filed in the Office of the City Clerk as a permanent record and to remain open to public inspection.

SECTION 4. That the City Clerk shall certify the passage and adoption of this Resolution and the minutes of this meeting shall so reflect the presentation of the Annual Levy Report.

City of Indian Wells Resolution No. 2025 Page 2
PASSED, APPROVED AND ADOPTED by the City Council of the City of Indian Wells California, at a regular meeting held on this 6 th day of March 2025.
BRUCE WHITMAN MAYOR
CERTIFICATION FOR RESOLUTION NO. 2025
I, Angelica Avila, City Clerk of the City Council of the City of Indian Wells, California DC HEREBY CERTIFY that the whole number of the members of the City Council is five (5); that the above and foregoing resolution was duly and regularly passed and adopted at a regular meeting of the City Council of the City of Indian Wells the 6 th day of March, by the following vote:
AYES: NOES:
ATTEST: APPROVED AS TO FORM:

ENGINEER'S REPORT AFFIDAVIT

Landscape and Lighting District No. 91-1

City of Indian Wells
Riverside County, State of California

This Report describes the District and all relevant zones therein including the improvements, budgets, parcels and assessments to be levied for Fiscal Year 2025/2026, as they existed at the time of the passage of the Resolution of Intention. Reference is hereby made to the Riverside County Assessor's maps for a detailed description of the lines and dimensions of parcels within the District. The undersigned respectfully submits the enclosed Report as directed by the City Council.

I. OVERVIEW

A. INTRODUCTION

The City of Indian Wells (the "City"), annually levies and collects special assessments in order to provide and maintain the improvements within the City of Indian Wells Landscape and Lighting District No. 91-1 (the "District"). The District was formed in 1991 through the consolidation of several individual landscape and lighting maintenance districts within the City. The District includes the original districts as separate benefit zones and sub-zones (the "Zones"). In Fiscal Year 1997/1998, the District assessments were presented to the property owners and approved through a protest ballot proceeding in compliance with the provisions of Proposition 218. The District assessments described in this report are prepared and levied annually pursuant to the Landscape and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the "1972 Act") and Article XIIID of the California Constitution (the "Article") which was enacted with the passage of Proposition 218 in November 1996.

The Engineer's Report (the "Report") describes the District; any changes to the District, and the proposed assessments for Fiscal Year 2025/2026. The assessments are based on the City's estimate of revenues and expenses to maintain the improvements that provide direct and special benefits to properties within the District and Zones. The improvements within the District and the corresponding costs and the annual levy are budgeted and assessed for each separate Zone, including all expenditures, deficits, surpluses, revenues, and reserves.

For the purposes of this Report, the word "parcel" refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the Riverside County (the "County") Assessor's Office. The County Auditor/Controller uses APNs and specific Fund Numbers to identify properties assessed for special district benefit assessments on the tax roll.

Following consideration of all public comments and written protests at a noticed public hearing, the City Council of Indian Wells (the "Council") may order amendments to the Report or confirm the Report as submitted. Following final approval of the Report and confirmation of the assessments, the Council may order the levy and collection of assessments for Fiscal Year 2025/2026 pursuant to the 1972 Act. In such case, the assessment information will be submitted to the County Auditor/Controller and included on the property tax roll for each benefiting parcel in Fiscal Year 2025/2026.

B. HISTORICAL BACKGROUND AND LEGISLATION

Pursuant to the 1972 Act, the Council annually conducts a public hearing to accept property owner and public comments and testimony, to review the Report and approve the annual assessments to be levied on the County tax roll for that fiscal year. All assessments approved by the Council have been prepared in accordance with the 1972 Act and are in full compliance with the provisions of the Article.

In Fiscal Year 1997/1998 the improvements provided by the District, the costs associated with those improvements and the properties benefiting from those improvements, were closely reviewed and evaluated. Specific modifications were made to the District in response to the substantive and procedural requirements of the Article. The existing zones were reviewed for compliance and all applicable assessments were confirmed through property owner ballots. Changes to the District included:

- Revision of the assessment methodology in some zones.
- Boundary modifications were made to Zone A1 to more accurately reflect the benefit received.
- Zones A6-Sandpiper; A9-Chateau Estates; A11B-The Plaza at Club Drive; and A12-Painted Cove were eliminated. The improvements in these zones were considered non-public improvements and could no longer be assessed.
- Zone A11C-Club Drive was established to apportion the benefit for the maintenance of the eligible improvements along Club Drive south of Highway 111.

The assessments and method of apportionment described in this Report utilize commonly accepted assessment engineering practices and have been established pursuant to the 1972 Act and the provisions of the Article. All new or increased assessments will be subject to the substantive and procedural requirements of the Article Section 4. Property owner ballot proceedings are not required if the proposed assessments are less than or equal to the maximum assessment rate previously approved for each of the various Zones within the District.

II. DESCRIPTION OF THE DISTRICT

A. IMPROVEMENTS AUTHORIZED BY THE 1972 ACT

As applicable or may be applicable to this proposed District, the 1972 Act defines improvements to mean one or any combination of the following:

- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other omamental structures and facilities.
- · The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any
 of the foregoing or which are necessary or convenient for the maintenance
 or servicing thereof, including, but not limited to, grading, clearing, removal
 of debris, the installation or construction of curbs, gutters, walls, sidewalks,
 or paving, or water, irrigation, drainage, or electrical facilities.
- · The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.

Incidental expenses associated with the improvements including, but not limited to:

- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting and mailing of notices;
- · Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.

The 1972 Act defines "maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:

- · Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- · The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

B. IMPROVEMENTS WITHIN THE DISTRICT

The facilities and improvements which have been constructed within the District and which will be maintained and serviced using assessments generally include:

Landscaping and Appurtenant Facilities, including, but not limited to, landscaping, planting, shrubbery, trees, irrigation systems, hardscape fixtures, sidewalk maintenance resulting from landscape growth, and appurtenant facilities in public rights-of-way, parkways and dedicated easements within the boundaries of said District.

Lighting and Appurtenant Facilities, including, but not limited to, poles, fixtures, bulbs, conduits, conductors, equipment including guys, anchors, posts and pedestals, metering devices, and appurtenant facilities as required to provide lighting in public rights-of-way, parkways, and dedicated easements within the boundaries of said District.

In Zones A3, A5B, E, A25 and A26 the improvements are serviced and maintained by the Homeowners Associations (the "HOA") acting as Agents of the City. The funds collected for the maintenance and servicing of the improvements in these Zones are passed-through to the respective Agent that contracts for the actual maintenance. The Funds received from the County less the administration costs are passed through immediately to the HOA for Zones A3, A5B, E, A25 and A26 and thus there is no need to hold a reserve fund. In all other Zones within the District, the City utilizes the services of landscape maintenance contractors for all regularly scheduled maintenance. The costs associated with all improvements in each Zone are collected through annual assessments from each parcel receiving special benefits. The funds collected for each Zone are dispersed and used for only the services and operation provided to that Zone.

C. DISTRICT ZONE BOUNDARIES AND SPECIFIC AREAS OF IMPROVEMENT

- Zone A1 El Dorado Zone A1 consists of those parcels in Tracts 10262 and 10863 that front El Dorado Drive between Highway 111 and Fairway Drive. These parcels receive special benefits from the landscaped medians along El Dorado Drive. Parcels that use El Dorado Drive as the main access way to their properties are included in this Zone.
- **Zone A2**Montecito/Stardust Zone A2 contains all parcels within the Montecito/Stardust development (Rancho Palmeras Estates Unit No. 3). This zone consists of residential properties on Montecito Drive and Stardust Lane west of Rancho Palmeras Drive. The parcels receive special benefits from improvements within the parkway along Rancho Palmeras Drive, adjacent to the development, and the landscaped entryway to the development, on Stardust Lane and Montecito Drive.
- Zone A3 Casa Dorado Zone A3 consists of all the parcels in Tracts 2752, 3097, and 4853 that are at the southeast comer of Highway 111 and Rancho Palmeras Drive. These parcels are part of a HOA. The HOA, acting as an Agent of the City, contracts for landscape maintenance. The District collects assessments from parcels within the Zone to reimburse the HOA for the contracted maintenance. These parcels receive special benefits from improvements along the frontage on the south side of Highway 111, from Rancho Palmeras Drive to the project's eastern boundary, a distance of approximately 1,300 feet.
- Zone A5B Cook Street/The Cove Zone A5B is the development known as "The Cove", and all parcels within the Zone are part of a HOA. The HOA, acting as an Agent of the City, contracts for landscape maintenance of the entrance to the Cove on Cook Street. The District collects assessments from parcels within the Zone to reimburse the HOA for the contracted maintenance. Parcels in the Cove receive direct and special benefits from these improvements.

- Zone A8 Entrance to Indian Wells Golf Resort -- Zone A8 consists of three parcels south of the Coachella Valley Stormwater Channel along Highway 111 and east of El Dorado Drive. These three parcels are the Hyatt Grand Champions of Indian Wells, the Renaissance Esmeralda Hotel, and the parcel owned by the City of Indian Wells. These parcels receive special benefit from the landscaping along the north side of Highway 111, west of Eldorado Drive, to the east side of the Renaissance Esmeralda Hotel. The parcels also receive special benefits from the improvements on Indian Wells Lane leading to the Hyatt Grand Champion and Renaissance Esmeralda Hotel.
- Zone A11A Highway 111 South, at Club Drive Zone A11A contains parcels located immediately south of Highway 111 near Indian Wells Lane and Club Drive including but not limited to the Miramonte Resort, the Indian Wells Country Club, and the Indian Wells Resort Hotel. These parcels receive special benefits from the parkway landscaping improvements on the south side of Highway 111 between Indian Wells Lane and Club Drive.
- Zone A11C Club Drive Zone A11C consists of all parcels along Club Drive between Highway 111 and Sandpiper. These parcels are part of Zone A11A, but receive additional special benefits from landscaped parkways along Club Drive not associated with other parcels in Zone A11A.
- Zone C The Colony Zone C lies generally south of Highway 111 and west of Manitou Drive and includes all parcels within Tract 24625, commonly known as "The Colony". These parcels receive special benefits from landscaped parkways along Highway 111 adjacent to the development.
- Zone D Colony Cove Estates Zone D lies generally south of Highway 111 and east of Club Drive and includes all parcels within Tract 26494. These parcels receive special benefits from landscaped parkways along Highway 111 adjacent to the development.
- Zone E

 Desert Horizons Zone E lies generally north of Highway 111; west of El Dorado Drive; east of Cook Street; and south of Fred Waring Drive (44th Street) and the Whitewater River Channel. This Zone includes only parcels within the Desert Horizons Country Club gated community. These parcels are part of a HOA. The HOA, acting as an Agent of the City, contracts for landscape maintenance. The District collects assessments from

parcels within the Zone to reimburse the HOA for the contracted maintenance. Parcels within the Zone receive special benefits from improvements within the easements and public rights-of-way that surround the perimeter of the gated community. The improvements include the parkways along Highway 111, El Dorado Drive, Cook Street, Fred Waring Drive, and Whitewater River Channel.

- Zone A19 Mountain Gate Zone A19 is generally located south of Highway 111 and east of Manitou Drive and includes all parcels within Tract 26595 known as the Mountain Gate Development. Parcels within this Zone receive special benefits from landscaped improvements associated with the development located in the parkway on the south side of Highway 111 adjacent to the development.
- Zone A20 Mountain Gate Estates Zone A20 lies generally south of Highway 111 and east of Manitou Drive and includes all parcels within Tract 27747-1 known as the Mountain Gate Development. Parcels within this Zone receive special benefits from landscaped improvements associated with the development located in the parkway on the south side of Highway 111 adjacent to the development.
- Zone A21 Villaggio Zone A21 lies generally south of Highway 111 and west of Mountain Gate Drive and includes all parcels within Tract 29502 known as the Villaggio. Parcels within this Zone receive special benefits from landscaped improvements associated with the development located in the parkway on the south side of Highway 111 adjacent to the development.
- Zone A22 Vaidya Zone A22 lies generally on the south side of Highway 111 and east of Manitou Drive and includes parcels within Tract 27747 known as Vaidya. Parcels within this Zone receive special benefits from landscaped improvements associated with the development.
- Zone A23 Montelena Zone A23 lies generally on the southeast corner of Highway 111 and El Dorado Drive. Parcels within this Zone receive special benefits from landscaped improvements and includes parcels within Tract 31200 known as Montelena associated with the development. The landscaping improvements for this District include the entry to the Montelena tract on east side of El Dorado Drive and along the south side of Highway 111.

Zone A25 Sundance – Zone A25 lies generally on the south of Highway 111, west of El Dorado Drive, east of Camino de Dorado and includes parcels within Tract 27104. Parcels within this Zone receive special benefits from landscaped improvements associated with the development. The landscaping improvements for this District include the entry to the Sundance tract on west side of El Dorado Drive and along the south side of Highway 111.

Zone A26 Province – Zone A26 lies generally on the southeast corner of Cook Street and Highway 111. Parcels within this Zone receive special benefits from landscaped improvements such as landscaping, ornamental structures and appurtenant structures and includes parcels within Tract 32880 known as Province associated with the development.

III. METHOD OF APPORTIONMENT

A. PROPOSITION 218 BENEFIT ANALYSIS

In conjunction with the provisions of the 1972 Act, the Article addresses several key criteria for the levy of assessments, notably:

Section 2(d) of the Article defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service";

Section 2(i) of the Article defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Section 4(a) of the Article defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be

imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the existing District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape and lighting improvements within the District, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District. The various public improvements and the associated costs have been identified as either "general benefit" (not assessed) or "special benefit".

B. DISTRICT BENEFIT

The costs of the District are apportioned by a formula or method, which fairly distributes the net amount to be assessed among all assessable parcels in proportion to the special benefits to be received by each such parcel from the improvements. Improvements maintained by the District that are considered to provide general benefit (in whole and in part), are funded by the City and not included in the annual assessments. Property owners are assessed for special benefits only.

imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

This District was formed to establish and provide for the improvements that enhance the presentation of the surrounding properties and developments. These improvements will directly benefit the parcels to be assessed within the District. The assessments and method of apportionment is based on the premise that the assessments will be used to construct and install landscape and lighting improvements within the existing District as well as provide for the annual maintenance of those improvements, and the assessment revenues generated by District will be used solely for such purposes.

The costs of the proposed improvements have been identified and allocated to properties within the District based on special benefit. The improvements to be provided by this District and for which properties will be assessed have been identified as an essential component and local amenity that provides a direct reflection and extension of the properties within the District which the property owners and residents have expressed a high level of support.

The method of apportionment (method of assessment) set forth in the Report is based on the premise that each assessed property receives special benefits from the landscape and lighting improvements within the District, and the assessment obligation for each parcel reflects that parcel's proportional special benefits as compared to other properties that receive special benefits.

To identify and determine the proportional special benefit to each parcel within the District, it is necessary to consider the entire scope of the improvements provided as well as the properties that benefit from those improvements. The improvements and the associated costs described in this Report, have been carefully reviewed and have been identified and allocated based on a benefit rationale and calculations that proportionally allocate the net cost of only those improvements determined to be of special benefit to properties within the District. The various public improvements and the associated costs have been identified as either "general benefit" (not assessed) or "special benefit".

B. DISTRICT BENEFIT

The costs of the District are apportioned by a formula or method, which fairly distributes the net amount to be assessed among all assessable parcels in proportion to the special benefits to be received by each such parcel from the improvements. Improvements maintained by the District that are considered to provide general benefit (in whole and in part), are funded by the City and not included in the annual assessments. Property owners are assessed for special benefits only.

Each parcel within the District receives special benefits from the improvements due to the close proximity of the landscaping, masonry wall, and lighting improvements to each parcel. The improvements provide added beautification and aesthetic value to each developed property and property owner and an enhanced quality of life within the subdivision. In areas along Highway 111, where the property has not been developed, the City pays for parkway maintenance out of the general fund. As development occurs, it is anticipated that the City will continue to require perimeter landscape maintenance along Highway 111 to be maintained by the individual developments.

The major arterials are the entryways into the City and provide beautification to the entire City. The City enjoys a reputation for beauty, and the parkway landscape improvements along major arterials enhance that reputation and provide an amount of benefit to all parcels in the City. This amount of benefit is estimated at 10% of the total benefit, and the City will contribute 10% of the landscaping costs to specified zones (A3, A5B, A8, A11A, C, D, E, and A20) that contain improvements along Highway 111.

C. METHODOLOGY

Pursuant to the 1972 Act and the provisions of the Article, the costs of the District are apportioned by a formula or method, which fairly distributes the net amount to be assessed among all assessable parcels in proportion to the special benefits to be received by each such parcel from the improvements. Improvements maintained by the District that are considered to provide general benefit (in whole and in part), are funded by the City and not included in the annual assessments. Property owners are assessed for special benefits only.

Each parcel within the District receives special benefits from the improvements due to the close proximity of the landscaping, masonry wall, and lighting improvements to each parcel. The improvements provide added beautification and aesthetic value to each developed property and property owner and an enhanced quality of life within the subdivision. In areas along Highway 111, where the property has not been developed, the City pays for parkway maintenance out of the general fund. As development occurs, it is anticipated that the City will continue to require perimeter landscape maintenance along Highway 111 to be maintained by the individual developments.

The major arterials are the entryways into the City and provide beautification to the entire City. The City enjoys a reputation for beauty, and the parkway landscape improvements along major arterials enhance that reputation and provide an amount of benefit to all parcels in the City. This amount of benefit is estimated at 10% of the total benefit, and the City will contribute 10% of the landscaping costs to specified zones (A3, A5B, A8, A11A, C, D, E, and A20) that contain improvements along Highway 111.

A summary of Equivalent Benefit Unit ("EBU") rates for all Zones except A19-A26 is shown in the table below:

EQUIVALENT BENEFIT UNIT (EBU) FORMULA					
Land Use Benefit Unit Factor Parcel EBU (BUF)					
Single Family Res. (SFR)	1.00	1 EBU/Unit			
Vacant SFR Lot	0.30	0.30 EBU/Unit			
Non-Residential	6.00	6.0 EBU/Acre			
Vacant	1.80	1.80 EBU/Acre			
Golf Courses	0.90	0.90 EBU/Acre			

The following formula is used to calculate each parcel's EBU (proportional benefit).

BUF x (Acres or Units) = Parcel EBU

i.e. For Land Use Vacant - (3.70 acres x 1.80 BUF = 6.66 Parcel EBU)

For Zones A19-A26, each parcel is assigned 1 EBU regardless of development status.

The total number of Equivalent Benefit Units ("EBUs") is the sum of all individual EBUs applied to the parcels within each zone that receives special benefit from the improvements. A levy per EBU (Levy Rate) for the zone is established by taking the total cost of the improvements and dividing that amount by the total number of EBUs of all parcels benefiting from the improvements. This Rate is then applied back to each parcel's individual EBU to determine the parcel's proportionate benefit and assessment obligation for the improvements.

Total Balance to Levy / Total EBUs = Levy Rate per EBU

Levy Rate per EBU x Parcel EBU = Parcel Levy Amount

D. DEFINITIONS

For Zones A19-A26, each parcel is assigned 1 EBU regardless of development

Single Family Residential (SFR). Parcels zoned for single-family residential uses are assessed 1 EBU per benefit unit. Parcels designated as SFR land-use will be assessed 1 EBU per benefit unit.

Non-Residential. In converting non-residential properties to EBUs, the factor used is a typical standard single-family residential lot area within the City of Indian Wells and the number of lots that could be subdivided into an acre of land. All properties that are developed for non-residential uses are therefore assigned 6 EBUs per

acre and include commercial, industrial, church, school, and other non-residential uses except golf courses.

Vacant. Conceptually, vacant properties within the district which have development potential receive special benefits from the improvements due to the increase in desirability of the parcels; usually, the special benefits are seen as being less than that of a developed parcel and often the value of the land is compared to the total value of a developed parcel to achieve a benefit ratio. Therefore, vacant property will be assessed 30% of a developed property.

Vacant Single-Family Residential Lots. Parcels that are individual subdivided vacant residential lots are assessed at 30% of the developed single-family residential lot and are assigned 0.3 EBUs per parcel. This reduction in EBUs is based upon the reduced special benefits received by undeveloped parcels until such time as they are developed.

Vacant Non-Subdivided Parcels. Vacant parcels that are not subdivided are assigned EBUs on the basis of parcel size. The parcels will be assessed at the rate of 30% of the developed equivalency. Therefore, vacant non-subdivided property is assessed $6 \times 30\% = 1.8$ EBU per acre.

Recreational/Golf Course Property. Recreational/golf course property closely resembles vacant property in that it has large land areas comprised of mostly park-like open space and only a few buildings, if any. However, because golf courses do not have the development potential that vacant land has and the value of the property is less, golf course property receives less special benefits than vacant property. Therefore, recreational/golf course property is assessed at 50% of a vacant property, or $1.8 \times 50\% = 0.90$ EBU per acre.

Public Property. Public property, which is developed and used for residential or business purposes will be assessed the same as private property with the same use. Vacant public property will be assessed as vacant private property.

Exempt. Excepted from the assessment would be the areas of public streets, public avenues, public lanes, public roads, public drives, public courts, public alleys, public easements and rights-of-way, public greenbelts, and parkways. Also exempted from assessment would be utility rights-of-way, common areas (such as in condominium complexes), landlocked parcels, and small parcels vacated by the City as these parcels have little or no value and therefore do not benefit from the improvements.

E. INFLATION FACTOR

For All Zones Except for Zones A19 – A23 and A26 – By approval of the Council, the maximum assessment rate that may be levied for each EBU may be increased in each year by the greater of the change in the Consumer Price Index ("CPI") for All Urban Consumers for the Los Angeles-Riverside-Orange County Area from January to January or three percent (3.00%). As of January 2018, the Bureau of Labor Statistics ("BLS") split the Los Angeles-Riverside-Orange County Area for All Urban Consumers to the Los Angeles-Long Beach-Anaheim Area and Riverside-San Bernardino-Ontario Area for All Urban Consumers. Currently, the District uses the Riverside-San Bernardino-Ontario CPI index to compute the CPI difference each year. Each Fiscal Year, the Engineer shall compute the percentage difference between the CPI from January to January or three percent (3.00%). Such assessment adjustments shall not be considered an increased in assessment. A proposed assessment that exceeds the adjusted maximum assessment rate will require property owner balloting approval before the increase may be imposed.

For Fiscal Year 2025/2026 the change in January CPI for the Riverside-San Bernardino-Ontario Area is 2.94% therefore the maximum assessment rate will be adjusted by 3.00%.

For Zones A19 - A23 and A26 by approval of the Council, the maximum assessment rate levied that may be levied for each EBU may be increased in each year (beginning with Fiscal Year 2000/2001 for A19, Fiscal Year 2001/2002 for A20 and A21, Fiscal Year 2004/2005 for A22 and A23, and Fiscal Year 2007/2009 for A26) by the CPI percentage difference for February of each year to the previous February for All Urban Consumers for the Los Angeles-Riverside-Orange County Area. As of January 2018, the BLS split the Los Angeles-Riverside-Orange County Area for All Urban Consumers to the Los Angeles-Long Beach-Anaheim Area and Riverside-San Bernardino-Ontario Area for All Urban Consumers. The February percentage difference no longer exists. Currently, the District uses the Riverside-San Bernardino-Ontario CPI index to compute the CPI difference each year. The Engineer shall compute the percentage difference between the CPI for January of each year and the CPI for the previous January and shall then adjust the existing assessment amount not to exceed such percentage for the following fiscal year. Such assessment adjustments shall not be considered an increased in assessment. A proposed assessment that exceeds the adjusted maximum assessment rate will require property owner balloting approval before the increase may be imposed.

For Fiscal Year 2025/2026, the maximum assessment rate for Zones A19-A23 and A26 will be adjusted by the Riverside-San Bernardino-Ontario Area January change in CPI of 2.94%.

IV. DISTRICT BUDGETS

A. DESCRIPTION OF BUDGET ITEMS

The following section describes the services and costs that are funded through the District and shown in the District Budgets.

Maintenance Costs - Includes all contracted labor, material and equipment required to properly maintain the improvements within the District and Zones. The improvements include street lighting; fencing; planting materials; hardscape; irrigation, lighting, and drainage systems; tree trimming; sidewalks; graffiti removal; entry monuments and omamental structures; water features; and associated appurtenant facilities within the District. In Zones A3, A5B, E, A25, and A26 the improvements are serviced and maintained by an association or property manager acting as an Agent of the City. In all other Zones the City utilizes the services of landscape maintenance contractors for all regularly scheduled maintenance. All improvements within the District will be maintained and serviced on a regular basis.

Landscape Water and Electric - The furnishing of water and electricity required for the operation and maintenance of the landscaped areas and facilities.

Capital Replacement Costs/Renovation - This may include repairs that are unforeseen and not normally included in the yearly maintenance cost. Repairs may include replacement or refurbishing of damaged amenities due to vandalism, storms, die off, and frost. Planned upgrades of the improvements that provide a direct benefit to the district/zone could also be included in capital replacement/renovation costs. Examples of upgrades include planned replacement of plant materials and/or renovation of irrigation or lighting systems that are necessary or requested by property owners.

Personnel/Overhead - The cost to all particular departments and staff of the City for providing the coordination of District services, operations and maintenance of the improvements, response to public concerns and education, and procedures associated with the levy and collection of assessments.

Professional Fees - These are the costs of contracting with professionals to provide services specific to the levy administration, county administration fee, and county per parcel fee. Professional levy administration includes preparation of the Report, resolutions, and levy submittal to the County. These fees can also include any additional administrative, legal, or engineering services specific to the District such as the cost to prepare and mail notices of the public meeting and hearing. County administration fee is the actual cost to the District for the County to collect District assessments on the property tax bills. This charge is based on a flat rate per fund number. County per parcel fee is the cost to the District for the County to collect assessments on the property tax bills. This charge is based on a per assessment basis and is in addition to the County Administration Fee.

Reserve Fund - The Reserve Fund reflects funds being added or deleted from the Reserve Account for the current fiscal year. The Reserve Account provides for collection by the District of funds to operate the District from the time period of July 1 (Beginning of the fiscal year) through January when the County provides the City with the first installment of assessments collected from the property tax bills. The Reserve Account reduces the need for the City to transfer funds from non-district accounts to pay for District charges during the first seven (7) months of the fiscal year.

City Contribution - Any funds added to the District or Zone account by the City from the City's General Fund Account.

Balance to Levy - This is the total amount to be levied to the parcels within the District for the current fiscal year. The Balance to Levy represents the sum of the Total Direct and Administration Costs, plus any revenue adjustments resulting from the Reserve Fund, Beginning Balance, City Contributions, Other Revenue Sources, or Capital Improvement Fund. This dollar amount represents the total funds to be collected from the parcels through assessments on the property tax bills.

Total Equivalent Benefit Unit (EBU) - The Equivalent Benefit Unit (EBU) is a numeric value calculated for each parcel based on the parcel's land use and size. The EBU shown in the District Budgets represent the sum total of all individual parcel EBUs that receive benefit from the improvements for that Zone. Please refer to Section III for a more detailed explanation of the Method of Apportionment.

Maximum Levy per EBU – This is the rate per EBU approved by property owners in Fiscal Year 1997/1998 adjusted for inflation as described in the Method of Apportionment.

B. PERSONNEL OVERHEAD

Personnel overhead costs are set forth in the following table. The Finance Department's administrative costs have been budgeted at \$7,795 for Fiscal Year 2025/2026. These costs include, but are not limited to, time spent by Finance Personnel on budgets, payment of bills, and working with consultants to ensure the levy is placed on County tax rolls. Total Public Works costs for Fiscal Year 2025/2026 have been budgeted at \$28,502. These costs include, but are not limited to, time spent by Public Works Personnel on everyday inspections of landscaping, replacement of light bulbs and broken sprinklers, electrical maintenance, and monitoring of landscaping workers to make sure grass is maintained and weeds are clear.

TABLE I - 2025/2026 PERSONNEL OVERHEAD

	Hours Spent	Loaded Hourly Rate (1)	Total Cost Allocation(2)
FINANCE			
Accounting Technician I	70	\$65.33	\$4,573

APPENDIX A - DISTRICT ASSESSMENT DIAGRAM

APPENDIX B - 2025/2026 PRELIMINARY ASSESSMENT ROLL

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Riverside County Assessor Parcel Maps and/or the Riverside County Secured Tax Roll for the year in which this Report is prepared.

Non-assessable lots or parcels may include government owned land; public utility owned property, land principally encumbered with public right-of-way's or easements and dedicated common areas. These parcels will not be assessed.

A listing of parcels within the District and Zones, along with the proposed assessment amounts, have been submitted to the City Clerk, and by reference, are made part of this Report.

Upon approval of the Engineer's Annual Levy Report, and confirmation of the assessments, the assessment information will be submitted to the County Auditor/Controller and included on the property tax roll in Fiscal Year 2025/2026. If the parcels or assessment numbers within the District and referenced in this Report, are renumbered, re-apportioned or changed by the County Assessor's Office after approval of the Report, the new parcel or assessment numbers with the appropriate assessment amount will be submitted to the County Auditor/Controller. If the parcel change made by the County includes a parcel split, parcel merger or tax status change, the assessment amount submitted on the new parcels or assessment numbers will be based on the method of apportionment and levy amount approved in this Report by the Council.
